Preschool Programs

Preschool programs are designed to nurture your child and prepare your child for kindergarten

Children are provided with hands-on learning opportunities in language, literacy, math, science, art, music, health and well-being, social, emotional and physical development.

Children work on developing their school-readiness skills through interactions with peers, exploration, creativity, and experimentation. Our preschool programs follow the Minnesota Early Childhood Indicators of Progress.

Children must be the correct age by September 1, 2018. Children must be toilet trained before they may attend.

PARENT AWARE 4 STAR RATED ★★★★★

Our preschool programs have received the highest possible rating by Minnesota's quality rating system for early education programs. Licensed teachers use a variety of research-based curriculum to thoughtfully engage children in activities, which build essential school-readiness skills. These skills provide children a smooth and successful transition into kindergarten.

Preschool schedules may change due to funding opportunities or enrollment.

Early Childhood Screening

For children 3-5 years old

All 3 to 5-year-old children in Minnesota are required to complete an Early Childhood Screening to determine if they need additional support or services to prepare them for kindergarten.

Early Childhood Screening is a free and simple check of your child's vision, hearing, height, weight and development, as well as a review of immunizations.

We recommend that children be screened when they **are 3 years old**. This helps ensure that all young children are well equipped for learning, and that families are aware of resources in the school and community.

The screening tools are designed to provide a snapshot of your child's motor, thinking, speech and language skills. This is not an IQ test, achievement test or comprehensive eye exam. The results are based on your child's age at the time of the screening.

Appointments are available Monday, through Friday and take about an hour. Call 763-504-4180 for an appointment.

*Early Childhood Screening is a requirement for most of our early childhood programs.
